natural dyes

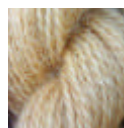

We're very pleased to be able to sell the Pure Tinctoria range of natural dyes. These concentrated and intermixable dyes give you all the soft subtleties you expect with natural dyes, but they are as quick, easy and convenient to use as synthetic dyes.

The yarn or fibre to be dyed is best mordanted with alum; alternatively, with vegetable fibres you can use one of the tannin-containing natural dyes as a mordant - oak gall, myrobalan, pomegranate or cutch.

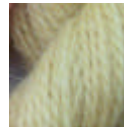

You can also use these dyes for techniques such as variegated dyeing and warp-painting.

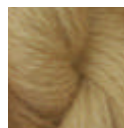

acacia gum
£2.25 - 25 gm

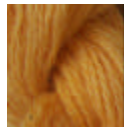

golden dock
£5.00 - 25 gm

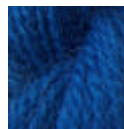

myrobalan
£1.50 - 25 gm

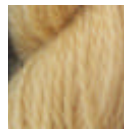

oak gall
£2.50 - 25 gm
