Colcolastic

34/2 nm cotton plus 100/1 lycra
14,500 m/kg / 7,200 yds/lb

Colcolastic is a fine cotton with lycra. Try it in combination with our 30/2 silk or 2/16 cotton for interesting collapse pleat bump effects.

£3.50 - 10 gms

puma stretch viscose

28/2 nm
14,100 m/kg / 7,000 yds/lb
14 wpc / 36 wpi

80% viscose with 20% elit . Some stretch when weaving but the real effect comes with steam or when it's tumble-dried and shrinks in to give lots of elasticity.

£4.50 - 25 gms
£13.25 - 100 gms

other stretch blends

viscose + elit  ("Body")
90% viscose, 10% elit  polyester. Not very elastic during weaving, but shrinks and becomes elastic with steam or when tumble-dried. Bright white only.
